*The **Human Rights Program** of the CETIM is dedicated to the defence and promotion of all human rights, a commitment based on the principle that human rights are totally inseparable and indivisible. Within that commitment, however, the CETIM has a particular focus on economic, social and cultural rights and the right to development, still much neglected in our times when not denied outright. Its objective includes combating the impunity accompanying the numerous violations of these rights and helping the communities, social groups and movements victimized by these violations to be heard and to obtain redress.*

*Through this **series** of informational brochures, the CETIM hopes to provide a better knowledge of the documents (conventions, treaties, declarations etc.) and existing official instruments to all those engaged in the struggle for the advancement of human rights.*
